# CHIPO PHIRI

Junior Data Scientist

WHO I AM

I have always enjoyed solving puzzles and problems from a young age so I naturally gravitated towards the tech space. My passion is in data science because it involves finding insights and observational/inferrential evidence found within the data to offer solutions to problems. I love the fact that its an ever changing environment and offers new challenges that need solving everyday.

WHAT I USE

C++
Python
Javascript
HTML
CSS
PHP
SQL

HOW TO CONTACT ME

Mobile: +27 72 762 1996
Email:chipoephiri@gmail.com
